Summer Trip

I am going to tell you a story about my friend's trip to some far-away village.

When I said it was a village I wasn't telling totally the truth. In my opinion it was just a motel in the middle of nowhere. And my friend's family decided to travel there. Of course they had a reason! This motel was close to the place with the special dirt. Once you use it, all of your illnesses are cured. At least that's what parents told my friend Natasha.

So they went there by car and I should say it was awful. There was no road so they had to get through the woods. Oh, and I almost forgot to mention that it was at the dawn. Sounds attractive, right?

When they got there Natasha got shocked. The rooms looked like they weren't cleaned in a century. There were rats and other small animals under the beds. They found four people there to ask where the "main person" is. They said that the person ~~is~~ was already left and ^{would} be here tomorrow and they ~~can~~ ^{could} pick a room they liked. Natasha and her parents were terrified.

And then this happened. ~~We~~ They saw two adults carrying a huge pan. When ~~Natasha~~ I say huge I mean that it took two grown men to carry it.

Natasha looked at her mom with rounded eyes when she said it: "Oh my god. They are going to cook us

After that they silently went to the car and drove away.
